The North Carolina School of Science and Mathematics is committed to complying with all applicable laws regarding copyright use. The School, as an institution devoted to the creation, discovery, and dissemination of knowledge, supports students and employees to build freely upon the ideas and information conveyed by others' work "to advance the progress of science and art." Institutional policies, procedures, training programs, and curriculum resources allow the community to access and appropriately use a wide array of information. Compliance with the Copyright Act of 1976, as amended, is the individual responsibility of every employee and student. Unlawful reproduction of copyrighted materials in any format is not condoned.

Adopted March 10, 2006
